

UDAY KRISHNA

Frontend Developer · Angular & TypeScript

Bengaluru, Karnataka, India | uday.krishna.dev@gmail.com | linkedin.com/in/udaykrishna-dev | github.com/udaykrishna-dev

SUMMARY

Frontend Developer with 2+ years of experience building scalable, responsive, and user-centric web applications using Angular, TypeScript, JavaScript, HTML, and CSS. Skilled in clean component architecture, performance optimization, accessibility, and reusable design systems. Comfortable owning features end to end in Agile teams, from API integration to production support.

EXPERIENCE

Frontend Developer — NeuraTech Systems, Bengaluru

Jul 2023 – Present

- Developed and maintained Angular applications serving thousands of daily active users.
- Built a reusable UI component library, cutting new-feature build time by roughly 30%.
- Integrated REST APIs for authentication, content delivery, and analytics dashboards.
- Diagnosed and resolved production issues, improving release stability.
- Optimized performance via lazy loading, change-detection tuning, and bundle analysis.
- Implemented responsive UI across breakpoints using SCSS and a shared design system.
- Collaborated with QA and backend engineers; maintained content modules on Magnolia CMS.

Associate Frontend Developer — Kosha Web Studio, Bengaluru

Jun 2022 – Jun 2023

- Built responsive marketing and product pages with HTML5, CSS3, and vanilla JavaScript.
- Assisted in migrating a legacy jQuery codebase to a component-based Angular structure.
- Wrote unit tests for shared components, improving regression coverage.

SKILLS

Frontend	Angular, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Bootstrap, Responsive Design
Backend	REST APIs, Node.js (Basic)
Database	SQL, MySQL
Cloud	AWS, Amazon EKS
Tools	Git, GitLab, VS Code, Postman, Magnolia CMS, Vite, Feature Flagging

EDUCATION

B.E. in Computer Science & Engineering — Visvesvaraya Technological University, Karnataka (2018 – 2022)

CERTIFICATIONS

Angular — The Complete Guide (Udemy, 2023) | JavaScript Algorithms & Data Structures (freeCodeCamp, 2022) | AWS Certified Cloud Practitioner (2024) | Responsive Web Design (freeCodeCamp, 2021)
